Part V: Conclusions

Conclusions broken down by research question

- Q1 Conclusions: The CCRPI is a more robust system for assessing districts and individual schools; its complexity is masked by an easy to understand points system and results are contextualized not only as the result of relative value out of 100 but also within the larger state and district contexts
- Q2 Conclusions: CCRPI data frames student achievement more positively than the previous accountability model, which only identified success or failure. CCRPI data offers a single numeric value that suggests the extent to which schools are impacting student achievement. CCRPI scores may also be valuable to stakeholders than labels; CCRPI is sensitive to educational contexts.
- Q3 Conclusions: When scores are disaggregated, the CCRPI offers insight into the ways in which individual schools impact student achievement and growth that the previous model did not provide. CCRPI design offers more nuanced information about the achievement of low-performing students. The system would benefit from improved transparency in data handling practices and calculations.

Part V: Conclusions- Analysis of AYP and the CCRPI

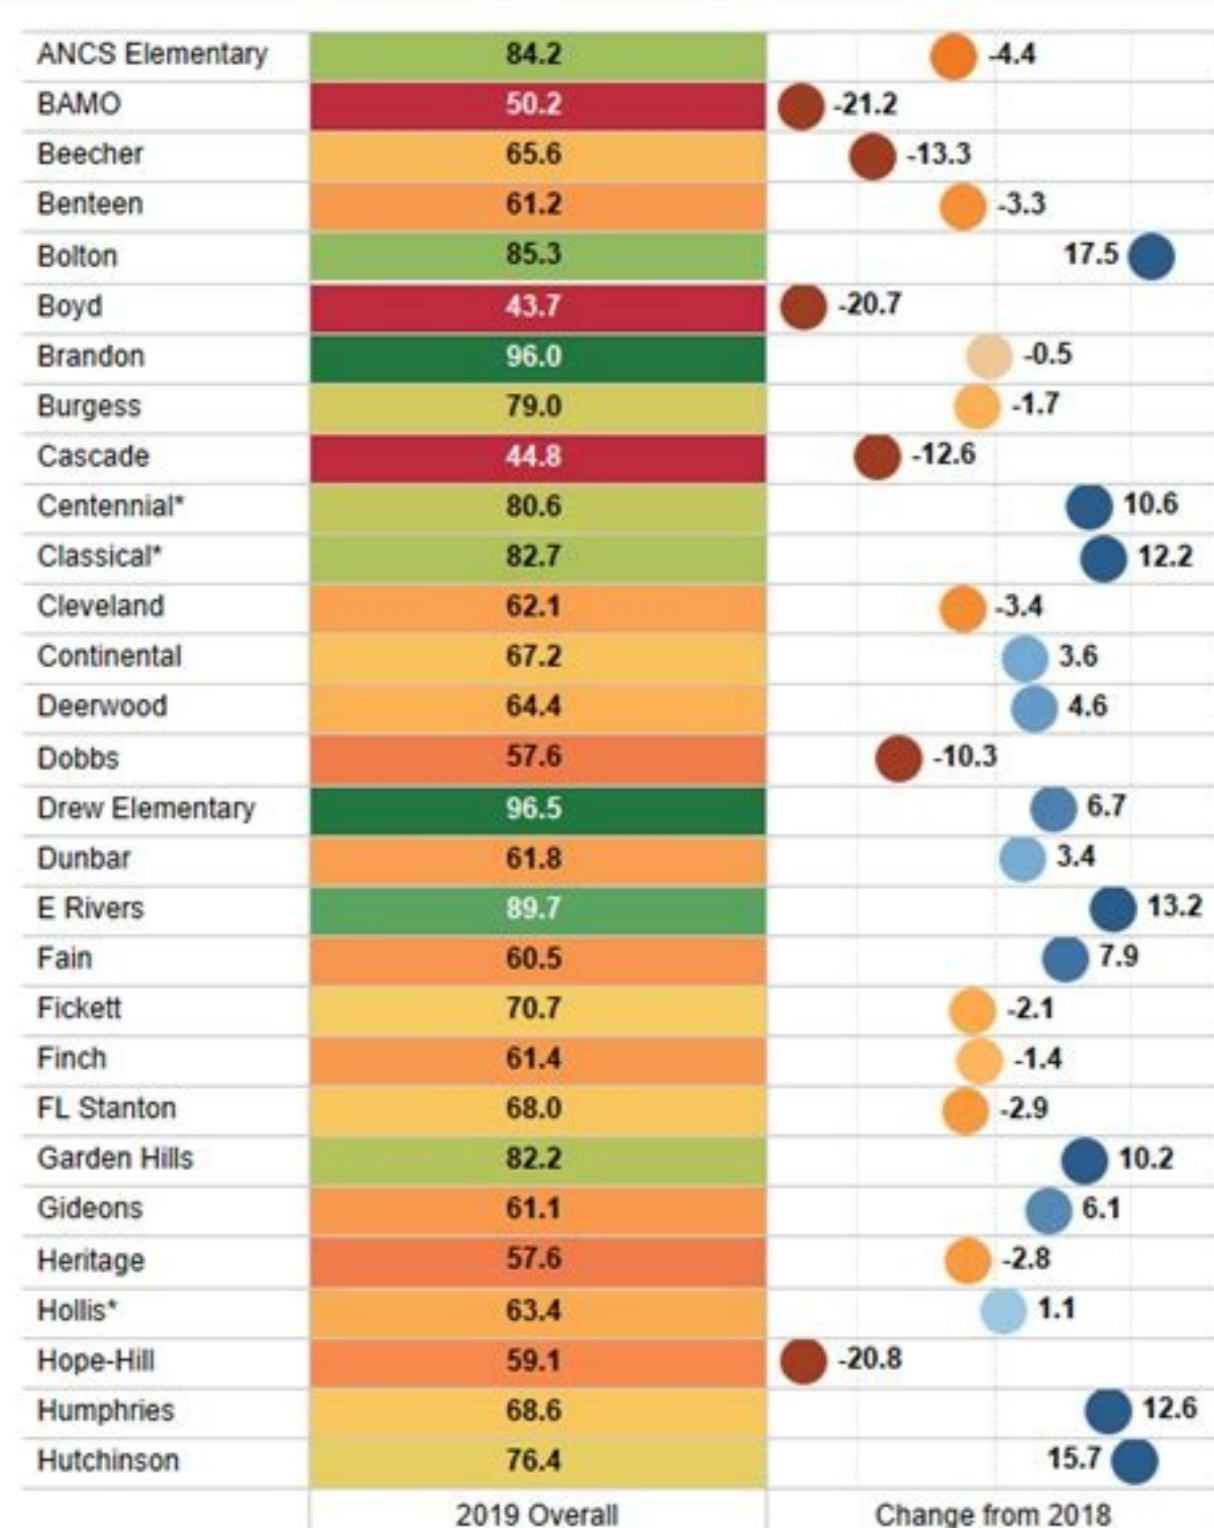

Model Summaries

**Long County Schools
2018-2019 Assessment Calendar**

Revised 10/20/18

Testing Dates/Window	Assessment	Smiley Elementary School	McClintock Elementary School	Long County Middle School	Long County High School
August 6, 2018-September 14, 2018	GKIDS Readiness Check	Grade: K			
August 6, 2018-May 13, 2019	GKIDS	Grade: K			Grade: 10
October 10, 2018	PSAT				Grade: 12
October 10, 2018	SAT				Grades: 9-12 PE Students
November 1-30, 2018	FitnessGram Assmnts.				
December 3-7, 2018	Data Input Completion				
December 10-14, 2018	Send Reports				
December 6-13, 2018	IMAS EDGs				Grades: 9-12

June 17-20, 2019	IMAS EDGs EOC Summer Administration				Grades: 9-12

*This is the elementary school CCRPI score, which differs from the overall school score. Grade band scores are aggregated to compute the overall score.

2017 ccrpi scores georgia. What is ccrpi in georgia.

The Discipline Dashboard summarizes district- and school-level discipline data for all public schools in Georgia. Aggregate data is provided on in- and out-of-school suspension rates, expulsion, the total number of disciplinary incidents, and the total number of students receiving disciplinary action. Data used in this dashboard are limited to data present in GA-AWARDS or received from GADOE. High School Graduate Outcomes Dashboard This dashboard shows what high school graduates do after graduation. For each public high school, this interactive dashboard shows: The percentage of graduates enrolled in college/university or working, The top in-state and out-of-state colleges by enrollment, and The percentage of students who earn a credential or degree within five years. Georgia Higher Learning and Earnings Dashboard The Georgia Higher Learning and Earnings (GHLE) project provides information on earnings information for Georgia technical college and college/university graduates who work in Georgia after earning their degrees. The project includes an interactive dashboard, report, and summary of findings that explore earnings patterns by degree type, program of study/major, and technical college and college/university. Schools Like Mine Dashboard The Schools Like Mine application allows parents, educators, and community members to find schools with similar student populations to their school. It also lists the school's letter grade and College and Career Readiness Performance Index (CCRPI) to allow for comparison of performance between the "like" schools. The Georgia School Grades Reports website provides school reports for all public elementary, middle, and high schools in Georgia. The reports include A-F letter grades based on school performance as well as other information about schools, such as performance on state tests, the make-up of the student body, and the graduation rate. The purpose of these reports is to help parents, students, educators, and communities understand how their local schools are performing and focus improvement efforts on the most critical challenges. For additional information that Georgia is required to report under the Every Student Succeeds Act (ESSA), visit GOSA's Report Card. The Georgia School Grades Reports website is available here. IMPORTANT Note regarding 2019-2020 and 2020-2021 data: For school years 2019-2020 and 2020-2021, various pandemic related issues resulted in a lack of data for most metrics and there was significant variation in student participation rates where data are available. Therefore, it is not advisable to make comparisons between schools and/or districts for these years. Additionally, the GaDOE was unable to calculate a CCRPI for school years 2019-2020 and 2020-2021. Since GOSA's A-F grade is based on the school's CCRPI calculation, this site will not include a letter grade for the affected years.
